American Heart Association

CPR Heartsaver plus AED - This course is intended for the general public. This American Heart Association (AHA) course teaches the basic techniques of infant, child and adult CPR, the use of an Automated External Defibrillator (AED), barrier devices and choking. The course teaches how to recognize the signs of four major emergencies: heart attack, stroke, cardiac arrest and foreign-body airway obstruction. It also teaches ways to prevent many childhood emergencies. Each participant will receive a pediatric and adult/AED AHA manual, a quick reference AED/CPR wallet card, a pocket mask for CPR and one KRC wave pool pass. Participation cards will be issued at the successful completion of the course. Many public places (such as airports, golf courses, schools and gyms) have AED access for those trained to use them. Fee: \$45.
